

17 OCTOBER –INTERNATIONAL DAY FOR THE ERADICATION OF POVERTY

State and statistics

- The highest absolute poverty according to UN data for 2004, based on the established national border, was observed in Madagascar - 71.3%, Sierra Leone - 70.2%, Mozambique - 69.4%.
- According to the report of the international humanitarian organization "Oxfam", the poorest half of humanity has become poorer by 1 trillion in 5 years since 2010. \$.

"Poverty is not an accident. Like slavery and apartheid, it is man-made and can be removed by the action of human beings"

Nelson

Mandela

1. Poverty is not a vice, and not an average class.
2. Poverty can be eradicated.
3. Poverty where there is no good education.
4. The government should have organizations aimed at fighting poverty.
5. People should be merciful and tolerant of everyone, regardless of whether he is rich or poor.

There is something of the smell of death in poverty.

- Who is Poor?
- The one who considers himself poor.

It is disgusting to live in a country in which it is shameful to be poor, but not ashamed to be a scoundrel!
