DLG Membership

Dear Dr Chorna,

We are delighted to welcome you today into the DLG – the German Agricultural Society. You now belong to the over 30,000 members who help to shape and develop our organization.

Pro-active support in structuring agriculture and the food industry to ensure its successful future is DLG's fundamental mission. This function is becoming increasingly important in times of major change affecting business, organisations, science and research, and government institutions. Since it was established 130 years ago by Max Eyth, the brilliant and cosmopolitan engineer, organizer and author, DLG has been synonymous with promoting progress, as well as with independence and open-mindedness.

In our Competence and Test Centers over 80 different committees, round tables, commissions and work groups develop answers to topical issues affecting the future of agriculture and the food industry. The results of our efforts, obtained with the use of the latest scientific methods and findings, are presented and discussed at conferences, events and in publications. Our exhibitions provide optimal market overviews and highlight the respective innovations and trends.

Through our sector-specific work we solve key problems, set quality standards, ensure market transparency and offer opportunities for sharing experience, even across national frontiers. We hope that you as a member will be able to use this DLG network and profit from our many offers.

The attached letter from our Member Service provides you with details of your membership number and the services DLG provides for its members. If you have any questions please contact us. We shall be pleased to help you.

Sincerely,

Dr. Reinhard Grandke

Information on DLG Membership

9 February 2021

Dear Dr Chorna,

Thank you for registering as a new member of DLG. We are delighted to welcome you on board. All the important information about your membership and the services DLG provides for its members is set out below.

Your DLG Membership Number: **8107965**

Your invoice for your membership will be sent separately. Your personal **DLG Membership Card** will be dispatched on receipt of the membership dues.

Benefits of your DLG membership:

- DLG Agrifuture is the online magazine for professional farming worldwide. Farming executives get expert information about trends in international agribusiness as well as surveys and tests of agricultural machinery, equipment and farm inputs. www.DLG.org/afm
- Our international **newsletter** provides you with news and details of DLG's international expert work in various fields.
- Networking with fellow members to exchange practical experience.
- You **get a free two day** admission to all DLG Fairs: AGRITECHNICA, this applies from the second preview day onwards, EuroTier, Energy Decentral, PotatoEurope, DLG Field Days, DLG-Waldtage and Anugua FoodTec.
- a copy of each trade fair **catalogue**
- **test reports** of agricultural machinery tested by DLG: www.DLG.org/dlgtestreports

DLG promotes progress in agriculture, agribusiness and the food sector throughout the world and also contributes to ensuring sustainability for the global habitat. Together with experts from all over the world.

Your contact person for all questions relating to your membership
