CERTIFICATE

This certifies that

Maksym Kolesnikov

has successfully completed the course

PLANNING FOR TEACHING ONLINE: PRINCIPLES AND TOOLS

Course time: 28-29 April 2025

15 Hours of participation (0,5 ECTS)

The aim of the course was to provide participants with the skills focused on quality flipped classroom teaching in a digital learning environment. This course focused on develop knowledge and skills about flipped classroom methodology, creation films for teaching and video production and student-activating digital tools to lead synchronous and asynchronous teaching online.

Learning outcomes:

- Describe the concept of flipped classroom in relation to one's own teaching;
- Describe different learning activities that can be used when implementing flipped classroom pedagogy;
- Find and adapt existing material such as films and written texts to use in flipped teaching;
- Create learning activities for synchronous course meetings (including the use of digital tools);
- Create recorded material to use in asynchronous teaching.

The course is a part of the project LEARNSAVE (Learning under attacks — sustainable education at risk in Ukrainian universities), supported by Swedish Institute (Svenska Institutet, project 01236/2023).
