VIZJA UNIVERSITY

Funded by the European Union

Issued in Warsaw, Poland, on 20 August 2026

CERTIFICATE OF COMPLETION

of the International Academic Internship Programme

This certifies that

Ivan Chyzhykov

has successfully completed the international academic internship entitled:

"Digital Transformation, Interdisciplinary Research and Academic Publication"

conducted within the thematic framework of the ESPERIDTA project

"European Studies for Supporting Polish Education and Research in Digital Transformation: Interdisciplinary Approach"

Grant Agreement No. 101172710 — ESPERIDTA — ERASMUS-JMO-2024-HEI-TCH-RSCH, funded by the European Union.

The internship lasted 180 hours
(equivalent to 6 ECTS credits)
between 15 June 2026 and 20 August 2026

The programme was hosted by VIZJA University (Warsaw, Poland).

Individual Research Output

"Study of the Operation Process of the Orienting Device of a Fruit-Crop Rootstock Planter"

The manuscript was prepared during the internship and will be submitted by the participant to a relevant peer-reviewed professional journal. This certificate does not attest to journal acceptance or publication.

The internship was provided free of charge; no participation fee was charged.

Dr Habil. Yan Kapranov, Professor
Project Coordinator of the ESPERIDTA project | VIZJA University

This certificate consists of two pages. The programme structure on page 2 forms an integral part of it.

Funded by the European Union. Views and opinions expressed are, however, those of the author(s) only and do not necessarily reflect those of the European Union or EACEA.

International Academic Internship Programme Structure

Participant: Ivan Chyzhykov | Project: ESPERIDTA | Period: 15 June–20 August 2026

Module	Topic	Guided Hours	Key Content	Individual Work
1	**EU Digital Transformation and Higher Education**	10	European priorities, digital competences, and innovation in education and research.	15
2	**Interdisciplinary Research Design**	10	Problem formulation, methodological alignment, evidence selection, and research planning.	15
3	**Digital Data Collection and Analytical Modelling**	10	Dataset preparation, modelling, validation, and responsible interpretation of results.	15
4	**Applied Digital Tools and Research Workflows**	10	Reproducible workflows, collaboration tools, documentation, and research data management.	10
5	**Responsible AI, Data Ethics and Research Integrity**	10	Transparency, authorship, data protection, ethical tool use, and research integrity.	10
6	**Sustainable Digital Innovation in Applied Research**	10	Technology assessment, sustainability, and cross-sector innovation in applied research.	10
7	**Academic Writing and Manuscript Development**	10	Article structure, argumentation, methods, results presentation, and academic language revision.	10
8	**Peer Review, Dissemination and Publication Strategy**	10	Journal selection, submission preparation, reviewer response, and responsible dissemination.	15
	TOTAL	**80**		**100**

The internship lasted 180 hours in total
(80 hours of guided learning and academic consultation + 100 hours of individual work), equivalent to 6 ECTS credits.

Achieved Competences

Competence	Description
Interdisciplinary Research Design	Ability to formulate an applied research problem and align methods, evidence and analytical procedures.
Digital Data Analysis & Modelling	Competence in using data-driven tools, modelling procedures and reproducible digital research workflows.
Digital Transformation Expertise	Ability to relate applied findings to European priorities in digital transformation, education and research.
Research Integrity & Responsible AI	Understanding of transparent data use, responsible AI practice, authorship and research-integrity requirements.
Academic Writing & Publication Readiness	Ability to develop and prepare a scholarly manuscript for submission to a peer-reviewed professional journal.

This certificate confirms the successful completion of all programme requirements, including guided learning, academic consultation, individual research, manuscript preparation and publication-planning activities.

Funded by the European Union. Views and opinions expressed are, however, those of the author(s) only and do not necessarily reflect those of the European Union or EACEA.
